## § 1.6012-6

required by this section. Application for extensions of time for filing such reports should be addressed to the district director of internal revenue for the district in which the contracting party files its Federal income tax returns and must contain a full recital of the causes for the delay.

§17.16 *Annual reports for income-taxable years*—(a) *General requirements.* Every contracting party completing a contract or subcontract within the contracting party's income-taxable year ending after April 3, 1939 shall file, with the district director of internal revenue for the internal revenue district in which the contracting party's Federal income tax return is required to be filed, annual reports on the prescribed forms of the profit and excess profit on all contracts and subcontracts coming within the scope of the act. If any contracts or subcontracts so completed by the contracting party were entered into for the construction or manufacture of any complete naval vessel or any portion thereof, the profit and excess profit on all such contracts and subcontracts completed within the income-taxable year ending after April 3, 1939 shall be computed in accordance with the provisions of §17.6. If any contracts or subcontracts so completed by the contracting party were entered into for the construction or manufacture of any complete naval aircraft or any portion thereof, the profit and excess profit on all such contracts and subcontracts completed within the income-taxable year ending after April 3, 1939 shall be computed in accordance with the provisions of §17.7. There shall be included as a part of the annual report a statement, preferably in columnar form, showing separately for each contract or subcontract completed by the contracting party within the income-taxable year and covered by the report, the total contract price, the cost of performing the contract or subcontract and resulting profit or loss on each contract or subcontract together with a summary statement showing in detail the computation of the net profit or net loss upon each group of contracts and subcontracts covered by the report and the amount of the excess profit, if any, with respect to each group of contracts and subcontracts covered by the report. A copy of the report made to the Secretary of the Navy (see §17.15) with respect to each contract or subcontract covered in the annual report, shall be filed as a part of such annual report. In case the income-taxable year of the contracting party is a period of less than twelve months (see §17.1), the reports required by this section shall be made for such period and not for a full year.

(b) *Time for filing annual reports.* Annual reports of contracts and subcontracts completed by a contracting party within an income-taxable year ending after April 3, 1939 shall be filed on or before the 15th day of the ninth month following the close of the con-

tracting party's income-taxable year. It is important that the contracting party render on or before the due date annual reports as nearly complete and final as it is possible for the contracting party to prepare. An extension of time granted the contracting party for filing its Federal income tax return does not serve to extend the time for filing the annual reports required by this section. Authority consistent with authorizations for granting extensions of time for filing Federal income tax returns is hereby delegated to the various district directors of internal revenue for granting extensions of time for filing the reports required by this section. Application for extension of time for filing such reports should be addressed to the district director of internal revenue for the district in which the contracting party files its Federal income tax returns and must contain a full recital of the causes for the delay.

### § 1.6012-5 Composite return in lieu of specified form.

The Commissioner may authorize the use, at the option of a person required to make a return, of a composite return in lieu of any form specified in this part for use by such a person, subject to such conditions, limitations, and special rules governing the preparation, execution, filing, and correction thereof as the Commissioner may deem appropriate. Such composite return shall consist of a form prescribed by the Commissioner and an attachment or attachments of magnetic tape or other approved media. Notwithstanding any provisions in this part to the contrary, a single form and attachment may comprise the returns of more than one such person. To the extent that the use of a composite return has been authorized by the Commissioner, references in this part to a specific form for use by such a person shall be deemed to refer also to a composite return under this section.
